EDUCATION

Guru Gobind Singh Indraprastha University

New Delhi, India

B.Tech in Computer Science and Engineering

2023-2027

- CGPA: 7.78 / 10.00 (up to Semester V)

EXPERIENCE

Cyber Security Intern

May 2026 – May 2026

Gurugram Police Cyber Security Summer Internship (GPCSSI)

Gurugram, India

- Trained in cybersecurity, network security, phishing detection, and digital forensics.
- Developed a machine learning-based phishing URL detection tool using Python, Flask, and Scikit-learn.

Shopify App Developer

Apr 2026 – May 2026

Lai Decor

Delhi, India

- Customized Shopify stores using Liquid, improving UI/UX, performance, and SEO.
- Integrated payment gateways, shipping solutions, and third-party Shopify applications.

Emerging Technologies Intern (AI and Cloud)

Jul 2025 – Aug 2025

IBM SkillBuild

Delhi, India

- Completed hands-on training in AI, Cloud Computing, NLP, and Retrieval-Augmented Generation (RAG).
- Developed project-based solutions involving intelligent systems and scalable backend architectures.

PROJECTS

Phishing URL Detection Tool — Python, Flask, Machine Learning, Scikit-learn

- * Developed a machine learning-based web application to detect and classify phishing URLs.
- * Performed URL feature engineering and trained classification models using Scikit-learn.
- * Built a Flask-based interface for real-time URL analysis and phishing risk assessment.

FinTech Mobile Application — React Native, Clerk, Firebase, OTP Verification (Currently Building) |

- Building a secure fintech application with OTP-based authentication and session management.
- Designed and developed responsive cross-platform UI components.
- Integrated Firebase and Clerk for authentication and real-time functionality.

AI Travel Companion Agent — Python, IBM Watsonx, NLP, RAG, REST APIs |

- Developed an AI-powered travel assistant for itinerary planning, destination recommendations, visa assistance, and real-time weather insights.
- Implemented RAG and NLP techniques to improve contextual response accuracy and conversational interactions.
- Integrated REST APIs and cloud-based AI services for real-time travel assistance.

ACHIEVEMENTS

- Completed the IBM SkillBuild AI Cloud Internship Program, gaining hands-on experience in Artificial Intelligence, Cloud Computing, and NLP.
- Solved 100+ Data Structures and Algorithms (DSA) problems on LeetCode, strengthening problem-solving skills.
- Selected as Treasurer of the Navras Cultural Society, demonstrating leadership, financial management, and organizational skills.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C/C++, SQL, HTML5, CSS3

Frontend: React.js, React Native, Tailwind CSS, Bootstrap, Shopify Liquid

Backend Technologies And APIs: Node.js, Flask, REST APIs, JWT Authentication, Microservices Fundamentals

Databases: MySQL, PostgreSQL, Firebase, Cloud Computing Fundamentals

Tools And Platforms: Git, GitHub, Postman, Shopify, Google Analytics, Figma, Notion
